### Descripción

**Why SHARK TOWER?**

By giving a true meaning to the word “sustainability”, we created something that is not only environmentally friendly, but that will transmit a philanthropic purpose to protect this animal. Hopefully we will set an example and encourage our society to take action as well.

Just as the shark, we need to keep moving forward to give our clients what they deserve without forgetting the importance of preserving our Planet.

Small changes today can improve our tomorrow.

Keeping this in mind, it’s our pleasure to introduce our innovative one-of-a-kind development: SHARK TOWER.”

### **Connecting The Dots**

To conceive the soul of a structure with this magnitude, it was imperative to combine the experience of different areas such as Architecture, Design, Technology, Science and Biology.

The result is an architectural style with a noble proposal that changes the conditions in which people want to live, allowing nature to manifest with grace in every detail.
